## Σε τι στοχεύουν οι οργανισμοί με μια βράβευση;

- ✓ to improve the quality, efficiency, and conduct of medicine
- ✓ to maximize effectiveness
- ✓ to enhance and promote training of new investigators
- ✓ to improve clinical research management with a focus on issues that have been historically difficult
- ✓ to identify future leaders
- ✓ to stimulate project-development pipelines
- ✓ to develop effective strategies for community engagement

The only way  
to do great  
work  
is to love what  
you do.

- Steve Jobs
